Acrylic Range

We are pleased to announce six styles of acrylics to our ever popular range of contemporary lifestyle products. This new generation of acrylics is a 'must have' for many households.

Your chosen images are printed, laminated and mounted to the face of 15mm clear blocks and then bonded to a frosted back plate. All six options have aluminium studs in the corners and are fixed to the wall using a simple keyhole fixing at the back. This gives the appearance that the studs hold the product proud of the wall when in position.
